

## **Crusader Christmas Spirit Auction**

*Dec. 21st, at Char-Lan High School*

For the 4th year, Char-Lan District High School is organizing a Christmas auction for its students. For the month of December, students are awarded "character points" by teachers for classroom work and behaviour, participation in various events, including the Christmas concert, and for applying our character education values such as caring, perseverance, honesty and respect. These character points are then used by the students for bidding on items donated by local businesses, school council, students' council and teachers. The auction provides us with an opportunity to reward students for their hard work and strong character. Thanks to our auctioneer, Theresa Taylor, everyone experiences a live auction as well! See addition story by student Gabi Tieman in our Articles section.
